Subject: Quotation – **Updated** - Clock Equipment - Timberlin Golf Course - Berlin, CT

Dear Jerry:

Thank you for your interest in Electric Time clocks. In reply to your request, I am sending this Updated quotation, along with our Standard Terms and Conditions of Sale. If you need any of the attachments sent with our original quotation to be re-sent please let us know. *We will provide a Drawing for approval prior to manufacturing.*

We are pleased to quote on the equipment you requested, as follows:

**Option One**

(1) **Courtyard Two-Dial Post Clock, illuminated, manual set.**

Cast aluminum post with removable access door. Cast aluminum top head assembly. Features include: Electric Time Company, Inc. Style HBS 115 Volt 60 Hz single synchronous movements. 18" sight opening, aluminum clock dials painted matte bright white. Dials are front lighted with white LED illumination concealed under the spun aluminum clock bezel. Lighting to be controlled by photocell in base. Total height of clock: 8'-10". Single source: Clock and movements to be manufactured by the same company. UL listed.

All metal work on this post clock is of aluminum and finished with a high solids, exterior grade, polyurethane painted finish with a satin clear top coat, ***please specify color from our Standards.*** Our standard painted finishes are: medium or dark bronze (matches Duranodic #312 & #313), off-white, matte-black, satin aluminum, forest green, red, bright white, blue or gold. Gold painted highlights to accent the casting details at no additional charge. Raised aluminum header lettering, highlighted in gold paint, is available at no additional charge (value US\$300.00) – ***please specify text if desired.***

Black dial markings and clock hands – ***please specify styles.*** Clock hands to be made of aluminum.

ELECTRIC TIME COMPANY, INC. 97 WEST STREET - MEDFIELD, MA USA 02052  
PHONE 508-359-4396 - FAX 508-359-4482 SALES@ELECTRICTIME.COM  
HTTP://WWW.ELECTRICTIME.COM

Flat, clear tempered glass crystals are provided for protection of the clock faces and hands.

Anchor rods and foundation drawing are provided for the clock foundation.

**Note: This clock needs to be manually re-set in the event of a power outage and for the bi-annual time change by turning the set knobs underneath the clock faces.**

All of the above **Option One** for the net (BUY) price of US\$7,986.00, plus shipping and handling. This price does not include any sales taxes or installation.

### Options for Option One

Raised aluminum header lettering, highlighted in gold paint, is provided at no additional charge during our 2022 Street Clock Special (value US\$300.00) – ***please specify text if desired.***

Dial lettering (simple black text) is available at no additional cost – ***please specify if desired when ordering.*** Logos are available for an additional cost and can be quoted – we would need to receive the logo in a vector file format.

We can offer 23k gold leaf highlights (in lieu of the gold painted highlights) for an additional US\$1,500.00 – ***please specify if desired when ordering.***

**As an option**, we can provide our type 99B-MI automatic reset controller for an additional US\$1,245.00. The controller will automatically re-set the clock after a power outage and for Daylight Saving Time. The controller can be located in the clock head, accessible by removing a face, or in a nearby building (up to 350' away) – ***please specify location if desired.***

Type CTRL-99BMI, Automatic Clock Controller with IP65 enclosure – Indoor & Outdoor Use. Automatically resets clock after power failures. Daylight savings time disabled. Precision Quartz Time base 4 minutes per year maximum drift. Optional GPS – no drift. Built in 100 year daylight savings time calendar. 2 Line 16 character back lighted LCD display. ETL listed to UL 863.

Power Failure Event logging. Standard MI output – 4 clocks maximum standard. Standard 24VDC RP output -20 clocks maximum. Sweep Second hand output. Hour Strike Capability. RS-232 and RS-485 output ports  
24 VAC hour strike output – configurable pulse output.

**As an option**, if the clock is manually setting, or if the 99BMI clock controller is located remotely, we can provide the clock with translucent milky-white acrylic dials, backlit with LEDs (instead of the aluminum dials with LED edge-lighting), for the same price – ***please specify when ordering.***

If the 99B clock controller is located in the clock head, we recommend adding our a GPS satellite receiver (mounted on top of the clock head), which is available for an additional US\$425.00. ***Please specify if desired when ordering.*** This will provide time accurate to 1 microsecond 1x10<sup>-6</sup>.

## Standard Terms & Conditions of Sale

97 West Street, P.O. Box 466

Medfield, MA 02052 USA

(p) 508.359.4396 (f) 508.359.4482

[www.electrictime.com](http://www.electrictime.com)

**TAXES** Unless otherwise stated, prices are exclusive of applicable sales, excise or similar taxes of federal, state or local government. As a Massachusetts corporation, we collect only Massachusetts taxes. Any other applicable taxes must be reported and paid directly by the purchaser.

**INSURANCE** Any insurance requirements made by you which result in an expense to Electric Time Co., Inc., will be in addition to any published or quoted prices. Copies of insurance certificates are available on request. To be named as an additional insured for a specific project, there will be an additional \$250.00 one-time charge.

**PRICES** All prices are in U.S. dollars and payment is to be in U.S. dollars. Unless otherwise stated, if we provide a written quotation, we hold quoted prices for 90 days. Prices are subject to change without notice. It is our policy not to review and execute contracts for orders under \$25,000.

**SHIPMENTS** Unless otherwise stated, all shipments are made F.O.B., Medfield, MA, USA. All quoted lead times are approximate based upon current and projected work loads. Shipments will be made the least expensive and fastest way, taking into consideration the delivery and urgent need of your order, unless otherwise stated on your order. Prepaid freight charges will be added to invoices.

**CLAIMS** Upon acceptance from Electric Time Co., Inc. by the carrier, the material becomes the property of the consignee. All claims for damage, breakage or loss, concealed or obvious, must be made to the carrier by the consignee. Claims of short shipment must be made to Electric Time Co., Inc. within five (5) days of receipt of material.

**PAYMENT** Orders under \$1,000.00 will require full payment with order. Since all the equipment we manufacture is custom built, we require a 40% deposit on any order over \$1,000.00. To establish an account with us, we require three credit references and the name of your bank with full addresses. If you do not care to open an account, we can ship upon receipt of final payment. All payments are due NET 10 days upon receipt of invoice. Final payment is due within 30 days after shipment of clocks invoiced. After 30 days, there will be a 1-1/2% interest charge per month on any unpaid balance. Minimum invoice charge is \$55.00. For international sales, payment is to be made by wire transfer.

**WARRANTY** All equipment is sold subject to the mutual agreement that it is warranted by Electric Time Co., Inc. to be free from defects of material and construction, but our liability in connection with it shall be limited to replacing or repairing without charge at our factory any material or construction defects which become apparent within three years from the date on which new equipment is shipped, that we shall have no liability for damages of any kind arising from the installation and/or use of the apparatus by anyone, and that the purchaser by the acceptance of the equipment will assume all liability for any damages which may result from its use or misuse by the purchaser, his or its employees or by others. There is no guarantee or warranty or liability except as here stated.

**RETURNS** Since most of our clocks are custom built, in general, returns are not accepted. Standard stock items may be returned for credit, subject to inspection and acceptance, if prior authorization has been obtained from Electric Time Co., Inc. There will be a 20% restocking charge on all standard catalog items.

**FINISHES** Our standard paint colors are matte black, off-white, bright-white, satin aluminum, medium bronze (matches Duranodic #312), dark bronze (matches Duranodic #313), forest green, gold, blue and red. Other colors and finishes are available at additional cost.
