

Berlin Veterans Digital Wall of Honor

The Berlin Veterans Commission has taken on a project to update the "Wall of Honor" at the Town Hall and make it even better by making it a "Digital Veterans Wall of Honor". (A video slideshow, shown on a 46" TV, in the Town Hall Main Lobby on the wall)

Every Berlin Resident and/or their Immediate Family Members, past and present who has served or is currently serving in the military - Army, Marine Corps, Navy, Air Force, Coast Guard, Reserve, National Guard, etc.

The commission is looking for Berlin residents to provide photos, military history and/or DD 214 (Release from Active Duty) of any family member, past or present, who has served or is currently serving in the military, so we can honor them on the wall.

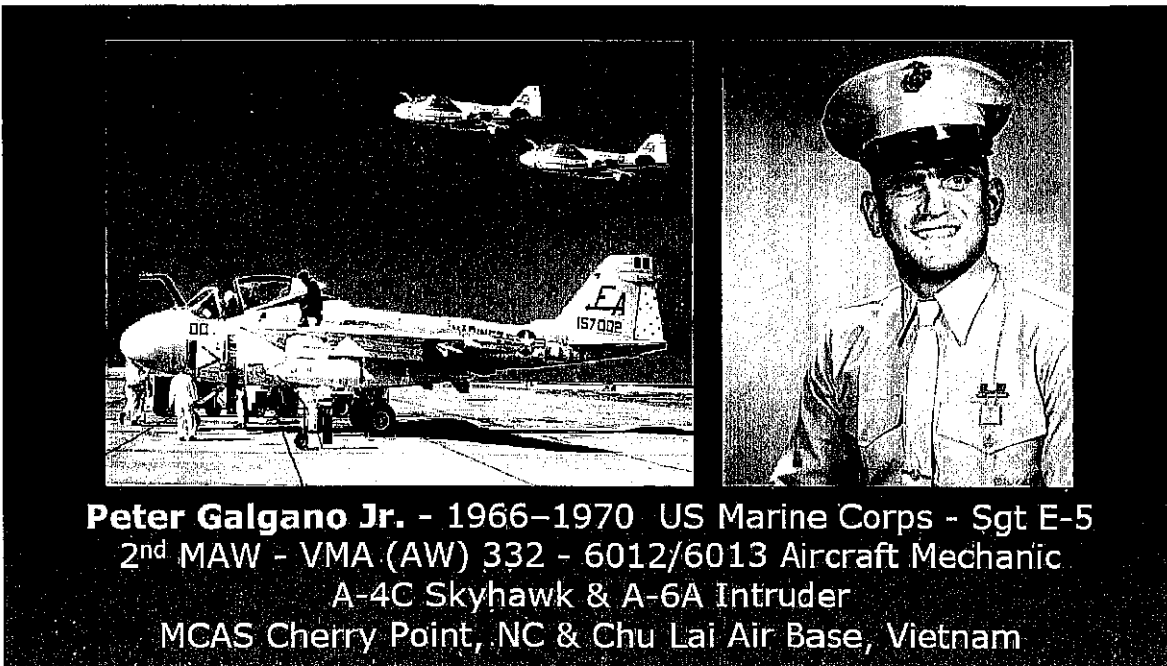

We would like to have 1 or 2 photos, Full Name, Dates and Branch of Service, Rank, MOS (What they did in the Service) and possible conflicts or where they have served.

If you need to have photos scanned, along with their military history, please contact Peter Galgano at petergalgano@comcast.net or call 860-604-7258

If you have photos and military history that are already scanned, they can be left, in an envelope, at the **Berlin Town Manager's Office**, along with your contact information or e-mailed directly to Peter Galgano at petergalgano@comcast.net.

If you have further questions, please call Peter Galgano at 860-604-7258 or Charles Colaresi at 860-224-9494.

Sample Wall Slide

The sample wall slide features two black and white photographs. The left photograph shows a military aircraft, an A-4C Skyhawk, on a runway with its tail code 'EA' and number '157002'. Two other aircraft are visible in the sky above. The right photograph is a portrait of a smiling man in a US Marine uniform, wearing a garrison cap and glasses. Below the photographs, the following text is displayed:

Peter Galgano Jr. - 1966-1970 US Marine Corps - Sgt E-5
2nd MAW - VMA (AW) 332 - 6012/6013 Aircraft Mechanic
A-4C Skyhawk & A-6A Intruder
MCAS Cherry Point, NC & Chu Lai Air Base, Vietnam
