Meeting ID: 854 6842 2689

Passcode: 071005

### **SPECIAL MEETING AGENDA**

1. Call to order
2. Public Hearing to consider the following:

Berlin Water Control Commission (BWCC) anticipates taking a low interest loan (2% for 20 years) from the Department of Public Health called Drinking Water State Revolving Fund (DWSRF). This loan, with a potential grant, would add approximately seventeen dollars [\$17.00] per quarter to all customer bills.

BWCC intends to replace the twenty inch (20") concrete water pipe along the Berlin Turnpike from Deming Road to Woodlawn Road with a sixteen inch (16") ductile iron pipe, including directional drilling under the Mattabassett River, using a sixteen inch (16") HDPE pipe that will be connected to the ductile iron pipe. This upgrade is necessary in order to eliminate the possibility of a catastrophic concrete pipe failure.

3. Adjournment
