

Leash Free Area Now Open

The fenced-in area at Pistol Creek, as designated by the Town Council at their July 26, 2022, as a leash free area for dogs is now open. The area is approximately 50,000 square feet, in the middle of the fairway, right in front of the handicap parking lot off Spruce Brook Road. Please note the rules of the area as posted at the entrance to the fenced in area.

Since the leash ordinance was put in place, our Animal Control officers have been patrolling areas in town speaking to many residents educating them on the new leash ordinance. All dogs must be on a leash in all other public spaces in Town. Animal Control Officers will be issuing Written Warnings to individuals who do not have their dogs on leashes in public property. This includes the meadow area of the Bicentennial Park. Records will be kept of written warnings issued.
