240 Kensington Road • Berlin, CT 06037
Office (860) 828-7022 • **Fax** (860) 828-7180

PRESS RELEASE

The Town of Berlin Public Works Department is currently scheduled to begin a major road reconstruction project that will impact traffic flow at various times over the 2023 construction season.

The project involves the reconstruction and paving of Porters Pass, Christian Lane and Deming Road (between Christian Lane and the Berlin Turnpike). The project is currently scheduled to begin April 3, 2023 and be completed by the fall of 2023. Traffic delays will be encountered throughout the life of the project, both during the daytime and overnight hours. Local access will be provided for all residential and commercial properties, but vehicles in the project area will experience inconveniences and delays as work proceeds.

Any property owners who are planning work within, or near, the public right-of-way (in the Spring/Summer of 2023), should contact the Public Works Department. This includes paving and underground utility projects in this corridor. Additionally, any organization planning construction/renovations or an event in the area should also supply the Public Works Department with their information and schedule.

Project updates can be obtained by viewing the Town of Berlin Website at: www.berlinct.gov or by calling the Public Works Department at 860-828-7022.
